Parents and Students Learn about

The JPMorgan Chase collaboration with Syracuse University

- *Partnering to better prepare students of all disciplines to work in a global enterprise technology organization*
- *Conducting joint applied research of benefit to both organizations and to the broader community*
- *Creating hundreds of job opportunities in Central New York and other JPMorgan Chase locations across the globe*

Global Enterprise Technology Interdisciplinary (GET) Minor

- *Focuses on how large-scale information systems are built and managed*
- *Increases marketability with future employees*
- *Puts you on the fast-track to paid internship opportunities*
- *Open to undergraduate students with any major in the University*

Opportunity for 3 types of internships

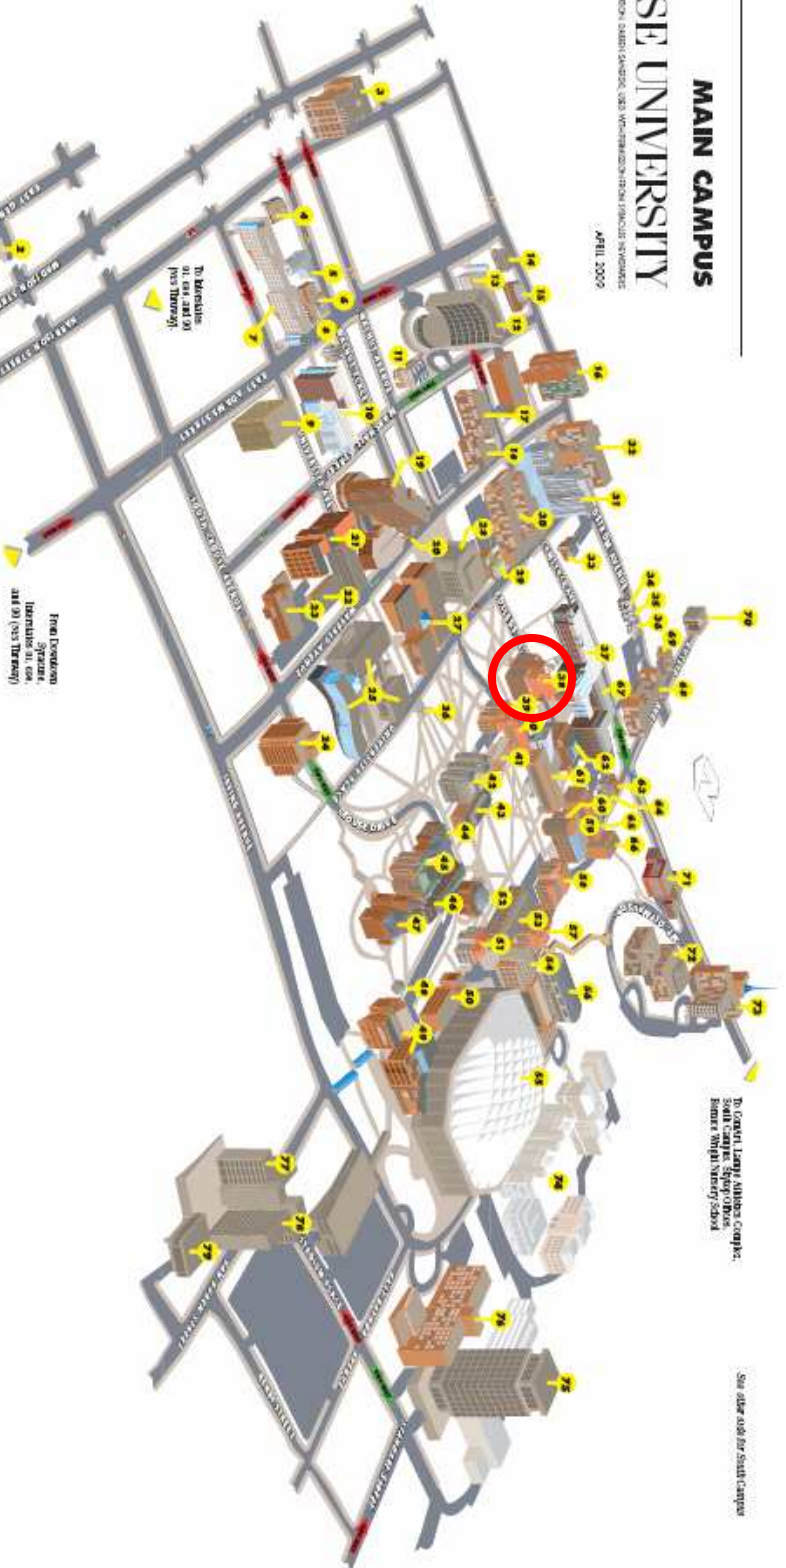

- **Summer Internships** – 10 week summer internships at JPMorgan Chase
- **Academic Year Internships** – Work part-time at the JPMorgan Chase Technology Center at SU during the academic year
- **Extended Internships** – Students taking GET courses have opportunity to work from January through August and still graduate in 4 years!
