Hinds Hall, Katzer Room 347
Presentation: 2-3:30 p.m.

Beyond Business As Usual: The Search for Innovative Solutions

Charles will discuss the following:

- Introduce you to one of the world's largest asset and wealth management businesses and the technology and operations team that supports it
- Explain his team's mandate to deliver innovative solutions and how they are doing it
- Discuss the trends he and his team are exploring in such areas as collaboration, mobile devices and unified communications, deep computing and complex event processing, data management, analytics and visualization, and agile development processes

Charles Costa
Chief Information Officer

J.P. Morgan Asset Management
